Dear Dave,

With our new website up and running now for almost a year, I feel that it is important to let you and your team know how pleased we are with the results. We have received numerous compliments about our new website, its ease of navigation, its thoroughness and professionalism.

Although it is nice to hear compliments about our website, what is more important for us are the improvements achieved in the organic listing of our website and the notable increase in the amount of inquiries we have receive from people visiting our website.

Special kudos also need to go to Gary Spindler and his crew at Spingraphics, Inc. who have done a fantastic job in designing the website.

All in all, it has been a very good investment for us.

Thank you for a great job done.

Sincerely,

Eric Feldmann
President
RF Technologies, Inc.
